There were discussions about other ways to contact people on the list. Mr. Haleem asked everyone to contact at least five people that we know and ask for donation. He said if we don't ask we will not know if they are willing to donate or not. He gets donation because he calls and asks people to date for BAC

Mr. Dinar then asked everyone if there were anything else to discuss. Mr. Rafiq Khan suggested that we should compile a list of company names where BD people are working and identify matching funds offered by the company. He had mentioned UofH has a list of database for their matching funds. He will explore further on this.

The meeting was adjourned at 9.15.
